## Directions

Bypass Wadebridge, continue on the A39 until you see a turning on the right hand side of the road marked A389 to St. Issey, Little Petherick, Padstow. Take this right turning which will lead you to the village.

Upon reaching the village, go over the hump bridge with the Old Mill House on your left continue driving a for a few hundred yards passing several cottages on the left side of the road, the last of which is a white washed cottage distinctive by it's blue painted window frames.

The cottage sits at the entrance to an unmarked lane which leads to Ballaminers House. Turn left up here and **proceed with caution** as farm vehicles use this lane for access to fields.

Ballaminers House is the second house on the right ( the first being Ballaminers Cottage) clearly marked by a slate sign on the garden wall. Ballaminers Farm on the other side of our drive is entirely a separate property.

Would guests please also note that parking must be restricted to our driveway only and strictly not on or by the side of the grass verge in the lane. Please drive up here, park and come to the kitchen entrance where upon we, and our friendly four legged friends, Bobby and Buster, will look forward to meeting you.
